

The Fort Lee High School Academy of Finance (“AOF”) held its Annual Internship Luncheon on March 2nd. This event was attended by the AOF Seniors and Juniors that completed their 200 hour Summer Internship requirement, AOF Advisory Board Members, Members of the Board of Education, AOF Teachers, administration, and, of course, the Internship Sponsors. Academy students complete an intentional sequence of work-based learning experiences, which prepares them to make informed college and career choices and allows them to acquire necessary college and career readiness skills. The internship experience is beneficial for both the students and the sponsors. Students are able to make direct connections between classroom learning and real world applications and build personal ownership of learning by connecting hands-on experiences to individual career goals. Internship Sponsors develop a pool of skilled and motivated potential future employees and also support and improve educational programs. Congratulations to our AOF students!
